👤 About myself

Result-oriented and analytical computer science and engineering graduate with a strong academic standing (7.9 CGPA), specializing in artificial intelligence and machine learning (AI/ML). Possesses hands-on technical expertise across full-stack engineering, scalable database architectures, software design patterns, and modern frontend ecosystems utilizing Python, TypeScript, and React. Proven track record in developing complex relational systems and managing real-world, large-scale digital data architectures, highlighted by global recognition as a Level 7 Google Maps Local Guide with over 2.9 million organic views. A disciplined and community-focused technical professional seeking to leverage advanced programming, algorithmic, and data science capabilities within the M.Sc. computer science ecosystem in Austria.

Core Subjects Covered: First Language (Bengali), Second Language (English), Mathematics, Physical Science, Life Science, History, and Geography.

Academic Certification: Successfully completed secondary school education (Madhyamik Pariksha) under the West Bengal Board of Secondary Education (WBBSE). Developed a strong foundational understanding in mathematical applications, life sciences, and physical sciences at Uttar Dum Dum Vidyapith for Boys.

Final grade: A

Higher Secondary Education

1/9/2020 – 20/6/2022

Uttar Dum Dum Vidyapith For Boys | kolkata, India

Core Subjects Covered: Compulsory Languages (Bengali A, English B), Compulsory Electives (Chemistry, Mathematics, and Physics), and Optional Elective (Biological Science).

Academic Certification: Successfully completed Higher Secondary Education (10+2 Science Stream) with an overall grade of A+. Certified under the West Bengal Council of Higher Secondary Education (WBCHSE) at Uttar Dum Dum Vidyapith for Boys.

Final grade: A+

Bachelor of Technology Computer Science and Engineering (Artificial Intelligence and Machine Learning) 12/8/2024 – Current

Brainware University | Kolkata, India

Core Engineering Disciplines Covered: Discrete Mathematics, Formal Language & Automata Theory (TOC), Compiler Design, Design and Analysis of Algorithms, Computer Organization and Architecture (COA), Operating Systems, Database Management Systems (DBMS), and Object-Oriented Programming.

Specialization Core (AI/ML): Artificial Intelligence, Machine Learning Algorithms, Python Data Science Ecosystem, Data Structures, and Probability & Statistics for Data Analytics.

Current Academic Standing: Maintained a progressive cumulative score of 7.9 CGPA up to the 3rd Semester (Degree ongoing, current semester: 5th). Hands-on lab experience in AI coding, algorithm optimization, and relational database architecture.
